

Corporate Overview

About Amika Mobile Corporation

Amika Mobile is privately held and specializes in emergency mass notification, alerts and advisories on **any device** and **any network**, ideal for those concerned with public safety as per NFPA 72-2010 for fire safety, FEMA's FPC 65 directive for emergency mass notification at municipal, state and federal levels or the Higher Education or Clery Acts from the DOE. Amika Mobile also delivers critical email-to-SMS mobile content alerts. It sells its products through partners, system integrators, and OEM's to service providers or platform vendors initially focusing on North America, India, and Europe with later expansion to Asia. All copyrights, trademarks, trade names belong to Amika Mobile. Refer to www.amikamobile.com for more info.

Amika Mobile has won 12 awards for its innovative technologies and contributions to public safety:

Amika Mobile CEO awarded The Order of Ontario, the province's highest honour for achievement and excellence for her work in public safety and technological innovation.

Amika Mobile was selected *Most Innovative Company in the Category of Communications Interoperability* for emergency communication at the San Diego Security Summit. Judges included government, military, first responder, emergency management, and border security from organizations such as DHS, DRDC, and US Navy.

Amika Mobile was chosen for ASIS 2010 and 2009 Accolades as Security's Best and one of the most innovative for its use of technology. Having the only solution that can auto-discover and couple with WiFi is what distinguished Amika Mobile.

IDC has picked Amika Mobile as a fast rising company and one of Top 10 Companies to Watch for Innovation in Emergency Mass Notification and Alerting and Market Opportunity in Mobile Solutions.

Amika Mobile selected as best communication solution out of 100 start-ups. The Telecom Council's Global Service Provider members voted to honour Amika Mobile's technology with the Alexander Graham Bell Communication Award at their annual SPIFFY Award Gala, held in San Jose, CA.

Amika Mobile was named to the Branham 300 Top 25 Up and Comers that recognizes leaders of tomorrow within the ICT industry for innovation, uniqueness and long-term potential.

Amika Mobile wins 2 Mobile Village Awards for Emergency Notification over WiFi and Email-SMS Critical Alerting Products.

Ottawa Chamber of Commerce honours Amika Mobile with Best Small Business Award based on growth opportunities, job creation, innovation, customer focus, community corporate responsibility.
